With Future Urban for Serum & Cthulhu, we've put together a go-to resource of hit-making sounds and chord progressions.

Featuring 60 Serum presets, 36 Cthulhu presets, loops, oneshots and MIDI files, this collection will have the creativity flowing the minute you start exploring.

We took inspiration from artists including Lil Uzi Vert, Bryson Tiller, Drake, Juice Wrld, Trippie Redd, Ghostmane, Lil Pump and Travis Scott among others, to bring you this essential production toolkit.

Whether you work in genres such as Trap, Trap Soul, Hip Hop, Grime, Drill, RnB**,** or any genre which incorporates these elements, there's plenty of material here for you to get your ideas down fast.

Each Serum preset comes fully loaded with 4 Macro controls, enabling you to tailor your sound on the fly and not distract from the production process.

Featuring Basses, Drums, FX, Leads, Pads, Plucks and Synth tones, you won't be short on some incredible sounds for a while as the scope to tweak them is almost endless! Drift between deep, hard-hitting 808s, biting leads, melodic elements, dark pads, eclectic plucks and mellow synth tones at the flick of a preset.

For the Cthulhu presets, we input some of our favorite diatonic chords and progressions in all 24 Major and Minor keys to get the ideas going instantly. We also mapped out 12 keys of Harmonic Minor for an extra dose of flavor!

Explore the progressions and mix them up to your liking, everything is in key so you don't have to worry about any awkward notes disrupting your process! You'll find triads, sus2, sus4, sixths, sevenths, ninths and other extended chords.

We've taken care of the theory so you can take care of making the music.

Also included are 36 MIDI chord progressions in each Major, Minor and Harmonic Minor key.

Not only that, we also included all of the loops, oneshots, and MIDIs from the demo created by production wizard Van Derand, named according to the Serum preset used for your reference. Tweak the notes or switch up the sound if desired for yet more creative potential.

Level up your next Urban production with this inspiring collection!
