With LoFi Dreamvibes, we've put together all the elements you need to produce relaxing chill or study beats inspired by some of the most popular producers and genre-specific playlists on the scene. Effortlessly blend electronic sounds, acoustic instruments and field recordings to create a variety of textured and sonically rich instrumentals that will have your listeners hitting repeat again and again.

Featuring 60 expertly-crafted presets covering basses, chords, FX, keys, pads, plucks and synths all with macro controls mapped to only the most useful parameters, enabling efficient on-the-fly tweaking for custom sound design.

Also included are 5 complete Construction Kits packed with wet and dry loops, oneshots and MIDI files ensuring this pack contains every element required to create LoFi tracks completely tailored to your liking and only limited by your creativity.
